

* Aldrich Enrichment Opportunities for 2016-2017 *

Another wonderful way for your child to learn and grow at Aldrich!

Full Year Class

MUSIC EXPLORERS: NEW FOR THE 2016-2017 SCHOOL YEAR! This class is held for 30 minutes immediately after the morning preschool session. Children enrolled in Music Explorers will enter a world of imagination and creativity! This enrichment class will expose your child to a variety of musical styles and instruments, basic rhythm concepts, and elements of song. Active and energetic children will thrive as we use movement to explore music on a deeper level. Along with laying the foundation for musical concepts, it will also provide opportunities for brainstorming and thinking outside of the box. We will put our creativity to work as we use pictures and rhymes to create new songs- who knows what the incredible imagination of a child may create! Can't wait to make music with you!

<u>Class</u>	<u>Duration</u>	<u>Dates</u>	<u>Time</u>	<u>Cost</u>
MUSIC	Full school year starting Sept. 14/15 through the 1st week of May	Wednesdays or Thursdays	11:35-12:05	\$183/year

Five Week Classes

SPORT ADVENTURES: Sport Adventures provides great exercise in a structured format that introduces a wide variety of sports. It is about helping kids discover the champion within themselves. Join us as we focus on a variety of sports throughout the five weeks and always emphasize teamwork and fair play. Sports Adventures will focus on sports like football, basketball, baseball, soccer, and tennis to teach the fundamentals of throwing, catching, running, and hitting. This program will introduce children to the basics of our world's most popular sports while building coordination, balance, and confidence!

LITTLE ADVENTURES: Act, Move, Create, and Play... Where will your imagination take you today? Join us as we guide your child on a journey each week based on themes pulled straight from their favorite books. Kids will get to expand on these themes through art, cooking, movement and construction projects. Watch as their eyes and imaginations light up when they discover new characters during our interactive story time. Every class is a new adventure!

OOOHHH... AAAHHH... IIICCCKKK (SCIENCE FUN!): Through hands-on activities and by using real scientific instruments like test tubes, graduated cylinders, and Petri dishes, children learn about the amazing (and often slimy!) world of science. This class allows children to observe, predict, collect, and record data in our "laboratory" class room. Hold on to your test tubes and put on your goggles -- it's going to be an explosive ride.

COOKING MONSTERS: We will create a variety of recipes your child will enjoy making...and you'll both enjoy eating! The class contains a dash of nutrition, a pinch of action, and a heaping spoonful of fun—all while highlighting healthful habits and making good food happy food. Part art class, part math class, part tasty snack, your child will have a greater appreciation for making food and may even taste something new!

<u>Class</u>	<u>Duration</u>	<u>Dates</u>	<u>Time</u>	<u>Cost</u>
SPORT ADVENTURES	5 weeks	Tuesdays: Oct. 4-Nov. 1 or Wednesdays: Oct. 5-Nov. 2	1:00-3:30	\$81
